**MOTION FOR REAL TIME COMPUTER SCREEN**

COMES NOW THE DEFENDANT, Floyd Raymond Looker, and respectfully moves the Court for entry of an order allowing him to have a real time computer screen monitor placed upon defense counsel's desk during the course of these proceedings. The defendant would respectfully advise the Court that he has a 10% hearing disability and is receiving Veteran's Administration compensation for the same, wears bilateral hearing aids, has a great deal of difficulty hearing any questions posed to a witness or argument to the Court which is not given directly into a microphone in the courtroom as was experienced yesterday.

Accordingly, the defendant, being made aware of the fact that a real time computer screen can be made available with the court reporter's real time transcription of the testimony and questions and answers and comments of the Court being scrolled before him, would respectfully request the same be made available during the trial of each of these cases.

Respectfully submitted,

FLOYD RAYMOND LOOKER, Defendant
